NETWORK WITH EXPERTS, BUILD SYNERGIES, AND SHAPE THE FUTURE

Asia's Broadcasting and Infotainment Show (A.B.I.S) is where the future of media content is shaped by showcasing cutting-edge technology, driving innovation across the broadcast, media, satellite, and entertainment technology spectrum.

The pace of optical fiber laying in India has surged significantly, increasing six-fold since the launch of 5G services in the country. India is set to become the second-largest fibre broadband market in the world by the end of the decade. India's satellite broadband service market is expected to reach US\$1.9 billion by 2030.

The SCAT India Trade Show, a dominant force in the industry, invites you to connect and engage with leading stakeholders, capitalizing on the immense potential fuelled by technological strides. For over three decades, SCAT India Trade Show has served the industry as the leading expo for thought leadership, engineering, and innovation.
